ISOLATION GOWNS

ITEM 2140-2148

Dynarex Isolation Gowns are professional-grade, disposable garments designed to help provide effective protection from cross-contamination. These fluid-resistant, full-coverage gowns are constructed from lightweight, breathable materials and feature sewn seams and extra-long waist ties.

- Offers ANSI/AAMI PB70 Level 2 protection
- Fluid-resistant, full-coverage, and universally sized to fit a variety of individuals
- Sewn seams and extra-long waist ties for added security
- Elastic cuffs offer improved protection and easy donning
- Lightweight, breathable materials provide improved comfort
- Disposable, individually wrapped for optimal hygiene
- 2140: Blue, fluid-resistant, CPE/Thumb Loop design helps keep sleeves from sliding up
- 2141: Yellow, fluid-resistant, polypropylene material
- 2144-2148: White, fluid-resistant, poly-coated material
- Not made with natural rubber latex
