

# LANASHIELD SKIN PROTECTANT CREAM

**WITH LANOLIN USP 50%**

WeCare LanaShield Skin Protectant Cream features a 50% lanolin formulation designed to help soothe irritation and protect chafed or ulcer-prone skin. The non-greasy cream helps seal out wetness and relieve discomfort from conditions such as diaper dermatitis, denuded skin, and minor burns. It also helps prevent thickened skin from becoming hard and brittle. Conveniently available in a variety of sizes to suit a range of long-term care and home care applications.
